

Say Hello to VUC

Our Next Generation Phone System

virtuallandlines 
Business Telecoms, simplified.

www.virtuallandlines.co.za

THE INNOVATIVE NEXT GEN FEATURES.

VUC is hosted in the cloud and comes standard with features that will change the way you do business. Link your Virtual Landline Number to VUC and make and receive video and voice calls, anywhere.

Hosted PBX **Powerfull Call Routing**

VUC includes a powerfull PBX that includes the following key features: **Voice Menu's, Time Routing, Call Recordings, Call Queues, Mobile Forwarding, Greetings, Voicemail to Email & more...**

Collaborate **Voice, Video & Chat**

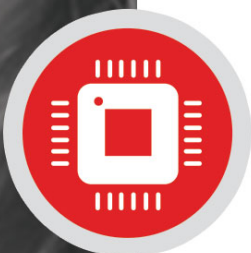

Gives your employees the tools needed to communicate and collaborate like never before.

Make & Receive Phone Calls, Group Chats, Send SMSs, Make & Receive Video Calls and more...

Choose Your Number **65+ Countries**

Every account comes with a **Free Virtual Landline Number**. Choose from 65+ countries worldwide and setup your phone system, rules and more from your dashboard.

Reliable **HARDWARE & DEVICES**

We have a myriad of reliable, industry-best hardware and devices available which all work seamlessly with our connectivity and cloud based voice services.

Most organisations decide to move to a Cloud Based VoIP solution to reduce costs. Very often however, the cost saving is merely based on call charges and often not realised due to the per-user, per-extension pricing model. Our pricing models are simple and really does help our clients reduce their monthly phone bills.

OUR CLIENTS

OUR GREATEST ASSET

WE MOVED FROM A TRADITIONAL LANDLINE TO A VOIP SERVICE WITH VIRTUAL LANDLINES. THEY PROPOSED AN ENTIRE REVAMP OF OUR INTERNET PRODUCTS AS WELL AND ALTHOUGH RELUCTANT AT FIRST, HAS TRANSFORMED THE WAY WE DO BUSINESS. THE TEAM WAS EXTREMELY PROFESSIONAL AND AFTER SALES SUPPORT IS EXCELLENT!

Elsabe Delpont - Health Protection
